Special Guest Strategist

Barton Biggs
Managing Partner
Traxis Partners

This year, our guest strategist is the legendary Barton Biggs, who founded and built Morgan Stanley Investment Management (MSIM) into a global powerhouse, and who now runs Traxis Partners LLC, a global macro hedge fund based in New York. Institutional Investor magazine named Barton as a strategist to its "All-America Research Team" eleven times, and from 1996 to 2002 he was voted the world's top global strategist by the Institutional Investor global research poll. All delegates to this year's conference will receive a complimentary copy of Barton's new book, "War, Wealth and Wisdom," published in early 2008.
